

EFFECTIVE

September 1, 2017.

Subject(s)

ERM 209, Emergency Services

The title for ERM 209 has been changed to Emergency Services (ES) Funding.

Policy has been updated to allow local county office directors to make policy exceptions for services not listed as an ES covered service. The only exception requests that will need to come to the program policy office are for extermination services for renters and bulk purchase requests that exceed \$1,000.

Reason: Policy change.
